## Fire Engineer's Report.

---

The fire engineers for the town of Franklin in 1879-80 submit the following report:

The fire department consists of five engineers, 100 enginemen, 50 to each engine, and 13 men on Kenrick Hose Co. No. 1.

The fire apparatus consists of Franklin Engine No. 1, located on Main St. in Franklin, with hose carriage, about 450 feet of 2-inch leading hose, pipes, nozzles, buckets, axes and other equipments necessary for a well organized Engine Co, all in good condition.

Stark Fire Engine Co. No. 3, located on Central St., Franklin Falls, with hose carriage, 350 leading hose, pipes, nozzles, axes, buckets and other equipments for a well organized Fire Engine Co., all in fair condition.

C. C. Kenrick Hose Co., No. 1, located on Central Street, Franklin Falls, have a good carriage with 800 feet 2½-inch hose nearly new, 1 steamer connection, 1 hydrant valve, 2 play pipes, 2 buckets, 1 enlarger, 1 reducer, to connect with 2-inch hose, and other necessary apparatus for a well organized and effective company.

A hook and ladder truck has long been needed in the town, and through the work of some of our firemen a fair was held in December last for the purpose of raising money enough to purchase a truck, and they had such good success that a truck is now built and will be ready with a good organized company for duty by April 1st, if the town will find a suitable house for its storage and a room for the company to hold their meetings.

From same, R. R. and Savings Bank tax and literary fund,	6,039 94
	<hr/>
	\$72,880 50

## EXPENDITURES.

Paid orders issued by selectmen, from No. 1 to No. 649, inclusive,	72,131 49
Paid outstanding orders of last year,	395 61
Balance unexpended,	353 40
	<hr/>
	\$72,880 50

It was the intention of the treasurer to make a report embracing under proper heads the principal expenditures of the year, but inasmuch as he is informed that the selectmen have given a detailed statement in their report, he deems it unnecessary.

Too much credit cannot be given Mr. R. E. Bean for the faithful and efficient discharge of his duties as collector of taxes.

The treasurer congratulates the citizens of Franklin upon the fact that the rate of taxation for the coming year can be materially reduced, unless unnecessary appropriations are made.

Respectfully submitted,

ISAAC N. BLODGETT, Treasurer.

The undersigned has carefully examined the foregoing account and finds it to be correctly cast and properly vouched.

STEPHEN KENRICK, Auditor.

## Collector's Report.

---

Believing that it should be the duty of the Collector to make a report, I herewith submit the following:

The amount of State, County, Town and school taxes, assessed upon residents for 1879 was	\$25,548 08
Upon non-residents,	889 80
Upon dogs,	139 00
	<hr/>
Whole amount,	\$26,576 88
Amount collected of residents,	\$24,352 38
“ “ “ non-residents,	819 63
“ “ “ on dogs,	125 00
“ of discounts,	815 02
“ abated on residents,	380 68
“ “ “ non-residents,	16 18
“ “ “ dogs,	14 00
“ of receipts for highway, non-residents,	53 99
	<hr/>
	\$26,576 88

In making the above settlement, I have advanced forty-five dollars on uncollected taxes; most of those owing that amount are out of town at present.

This is the only instance in the history of the town, where the Collector has settled in full within one year from the time the taxes were assessed. Having been done once, it is a fact that it can be done again; and it should be made the duty of all future Collectors to do the same.

Of the taxes abated, ninety-four were on polls; sixty-five were out of town at the time the list was placed in my hands; six have left town since, of whom three expect to have their taxes abated; six have had assistance from the town or county; two have died; four were not of age; three paid in other towns, and the rest (nine), were unable to pay.

The amount of polls abated is	\$174 00
“ “ “ Orphans' Home abated,	122 00
“ “ “ all others “	84 60

The above amount of \$84.60 is made up from errors and inability to pay in full on the part of some against whom taxes were assessed.

I have received pay for collecting the taxes of 1879,	\$397 74
“ “ “ “ “ old taxes,	205 56
	<hr/>
	\$603 30

There was placed in my hands May 6 a list of uncollected taxes of 1876, 1877 and 1878, amounting in all to nearly seven thousand dollars. Of that amount I have collected \$5,621.48; interest thereon, \$142.02. There is remaining unpaid, not abated of the above, \$194.02. The persons owing the same promise that they will pay within the next three months, and nearly all of them have paid one or more years' taxes.

Believing that it is for the interest of the tax-payers, as well as the town, that all taxes not assessed on real estate, should be collected by Sept. 1, I would recommend that the Collector should be obliged by his contract to collect all such taxes as early as that, if not earlier.

I would thank all tax-payers for the courtesy and assistance they have shown me, knowing that sometimes I may not have been a welcome visitor; and also the Selectmen and Treasurer for their assistance.

RUFUS E. BEAN, Collector.

## Town Balance Sheet.

March 1, 1880.

### LIABILITIES.

Note and interest, due Nancy C. Jones,	\$298 81
Town bonds, issue of 1865,	100 00
“ “ 1878,	40,000 00
“ “ 1879,	15,000 00
Coupons unpaid,	155 25
Outstanding claims, estimated,	100 00
	<hr/> \$55,654 06

### ASSETS.

Due from collector, 1874,	\$778 49
“ “ 1875,	261 53
“ “ 1877 and 1878,	194 02
“ sale of taxes, 1879,	106 00
J. M. Fellow's note,	138 95
Town farm,	1,500 00
Personal property on same,	1,479 00
Lyceum Hall, land and building,	2,000 00
Drain pipe, lumber and tools,	225 00
Cash in treasurer's hands,	353 40
Balance indebtedness of the town,	48,617 61
	<hr/> \$55,654 06

In view of the apparent increase of indebtedness above that of last year, the Selectmen desire to say that it is nominal, but not actual.

The liabilities of the town as reported March 1st, 1879 were	\$70,340 61
By an error two notes were omitted amounting to	698 84
Outstanding bills have been paid this year,	2,650 09
	<hr/>
Making the true amount of liabilities March 1, 1879,	\$73,689 54

This, of course, would make a corresponding increase in the amount of indebtedness, thus leaving the actual indebtedness above the assets of every description,

\$50,575 00

But of the assets so included a very large proportion consisted of old outstanding taxes and disputed pauper claims upon which large abatements and discounts have necessarily been made. Nothing whatever has been received from the bills reported against the county and the town of Alexandria.

Of the taxes outstanding in 1879, and amounting nominally to \$19,183.19, it will be noticed that but \$1,234.04 remain unsettled. How much will be realized of this amount is uncertain. Of the notes outstanding last year, and amounting substantially to \$30,000, but one remains unpaid. Diligent search has been made to discover the holder but without success.

The \$100 bond reported among the liabilities is probably not in existence, as none of its coupons have been presented for payment during the last seven years.

## Report of Committee on Town History.

---

The Committee chosen to collect and arrange the materials for a History of the Town, deem it proper to state that since they were charged with the duty, they have prosecuted the task with diligence so far as other duties have permitted; and have gathered a large amount of information essential to the history. They have found a very deep interest in the work manifested not only throughout this town but extending far and wide among the friends beyond this community and state, and are prompted to make the utmost exertions during the ensuing year to carry the work very far towards completion. All who may have in their possession old papers, documents or traditional information pertaining to the history of the five towns,—Salisbury, Sanbornton, Andover, Canterbury and Northfield,—out of the territory of which towns Franklin was formed, will do the cause a favor by communicating with the committee.
